

The red margin box is the “safe area.” No critical text or images should go outside of it. It’s 3/16” from the edge of the document.

Your background colors or image should go past the red margin lines- all the way to the edge.

Please delete or hide this layer (by clicking on the “eyeball” on the instructions layer) before sending to us for your free file check at www.fastcolor-printer.com

Please save your design as a PDF - File->Export, PDF (Press Quality).

Black Text should be CMYK 0/0/0/100

Black Solids should be CMYK 60/60/60/100
